5) The weight is only one fifth for the natural marble, and price is one tenth of the natural marble.

WPC / SPC

Wall & Ceiling

Fashion Style

Material: WPC(Bamboo fiber)
Available Width: 300mm, 600mm

Thickness: 9mm

Standard Length: 3meters, 2.8meters (other length please advise us)

Surface treatment: PVC Flim laminated

Color: see color card

Application: Interior Wall Panel, Ceiling Panel,Decoration Panel

The integration fast installation wall panel not only has the surface of natural wood, but also overcomes the disadvantages of natural wood. It`s also easy to be processed, the same with wood, can be sawed, nailed, planed, just by the carpenters` tools, and better nail-holding ability than usual normal wood; and has the same compressive property, impact resistance with hard wood, much more durable than normal wood; WPC and its products, are anti-corrosive alkali, waterproof, not breeding bacteria, insect prevention; anti-aging, anti-static, antiflaming.The integration wall panel not only has the colorful patterns the same with wallpaper, painting ,but also has strong third dimension and sense of concavo- convex, is a substitute product of wallpaper and painting.

Characters & Advantages

|	
1.Heat preservation thermal insulation	2.Sound insulation
3.Waterproof &Dampproof	4.Fireproof
5.Ultra-hard	6.Environment friendly
7.Easy installation	8.Easy to clean, no warp
9.Fashion and bright	10.Saving space, simple installation
